

# It's Christmas Time

Sleigh bells and snowflakes and cold frosty air,  
Secrets and presents are stashed everywhere,  
Starry-eyed children and lots of good cheer;  
It's Christmas time, it's Christmas time.

Travel and planning and journeying far,  
Airplane and train rides and going by car,  
Visiting loved ones wherever they are;  
It's Christmas time, it's Christmas time.

**Only once a year, glad it's finally here,  
Wishing that it could stay Christmas all the time.  
Wouldn't that be fine,  
Feeling like this every day?**

Time spent with family and fun things to do,  
Laughter and friendship and happiness too,  
Gift-wrapped with love as we send it to you  
This Christmas time, this Christmas time.

**Only once a year, glad it's finally here,  
Wishing that it could stay Christmas all the time.  
Wouldn't that be fine,  
Feeling like this every day? (Every day!)**

Peace and goodwill and kind thoughts everywhere,  
People so loving and willing to share,  
These things we wish for you now and all year;  
This Christmas time, this Christmas time.
