

Alternate lyrics
for melody:
It's Christmas Time

It's Winter Time

Sleigh bells and snowflakes and cold frosty air,
Houses with icicle diamonds to wear,
Starry-eyed children and lots of good cheer;
It's winter time, it's winter time.

Travel and planning and journeying far,
Airplane and train rides and going by car,
Visiting loved ones wherever they are;
It's winter time, it's winter time.

**Only once a year, glad it's finally here,
Wishing that it could stay
winter all the time.
Wouldn't that be fine,
feeling like this every day?**

Time spent with family and fun things to do,
Laughter and friendship and happiness too,
Winter is fun when we spend it with you;
It's winter time, it's winter time.

**Only once a year, glad it's finally here,
Wishing that it could stay
winter all the time.
Wouldn't that be fine,
feeling like this every day? (Every day!)**

Sleigh bells and snowflakes and cold frosty air,
Houses with icicle diamonds to wear,
Starry-eyed children and lots of good cheer;
It's winter time, it's winter time.
