

Turn it Around

Lean to the left and wink your eye,
Lean to the right and reach up high,
Lean to the front, lean to the back
And start all over again.

Lean to the left and stamp your foot,
Lean to the right and take a look,
Lean to the front, lean to the back
And wave to three of your friends.

**Turn it around, turn it around,
Round and round you go.**

**Turn it around, turn it around,
That's all you need to know.**

repeat

Lean to the left and touch your toes,
Lean to the right and touch your nose,
Lean to the front, lean to the back
And start all over again.

Lean to the left and bend your knee,
Lean to the right and smile at me,
Lean to the front, lean to the back,
And wave to three of your friends.

**Turn it around, turn it around,
Round and round you go.**

**Turn it around, turn it around,
That's all you need to know.**

repeat
