

Five Little Snowflakes

One little snowflake falling from the sky,
Falling from the sky, falling from the sky.
One little snowflake falling from the sky,
One little flake of snow.

Two little snowflakes dancing in the wind,
Dancing in the wind, dancing in the wind.
Two little snowflakes dancing in the wind,
Two little flakes of snow.

Three little snowflakes landing on the ground,
Landing on the ground, landing on the ground.
Three little snowflakes landing on the ground,
Three little flakes of snow.

Four little snowflakes melting in the sun,
Melting in the sun, melting in the sun.
Four little snowflakes melting in the sun,
Four little flakes of snow.

Five little snowflakes go back in the sky,
Go back in the sky, go back in the sky.
Five little snowflakes go back in the sky,
Five little flakes of snow.
