

Royal Recorders - Program details

There are four main components to the **Royal Recorders** program:

- Student book 1 (37 pages) and Student Book 2 (43 pages)
- Teacher Guide (176 pages)
- Accompaniment MP3 tracks (90 tracks)
- Student incentives (Knight Certificates and Class Castles) These are available as part of the "All-in-one" digital package.

Student books

- 13 levels across the whole Royal Recorders program / minimum 3 songs per level.
- Level 1-3 introduces G-A-B and then new notes are added at each successive level.
- Songs become more challenging as the student progresses.
- Sequential and foundational songs support student learning throughout the program.

The Royal Recorders program works BEST when each student has their own copy of the student book. Provide each of your students with a copy of the student book:

- purchase the books (from royalrecorders.com or Amazon)
- purchase the digital "All-in-one" package and print your own copies (from PDF)

Please do not purchase one book and make copies. Sample pages (PDFs) are available upon request.

Teacher Guide

- Teaching strategies to prepare and practice each song
- 6 lesson plans for introducing recorder to your students
- How to use motivational Class Castles and Knight Certificates
- Tables for tracking student progress
- MP3 accompaniment tracks information chart (intros, outros, style, speed, etc.)
- Chart with songs listed alphabetically.

MP3 accompaniment tracks are an integral part of the Royal Recorders program.

- Accompaniments (in a variety of styles) add excitement to simple 2-note songs
- Accompaniments provide support for more difficult songs

Permission is given to download MP3s in the best format for you AND your students (phones, computers, Google Classroom, etc.). Student use outside of class time is encouraged.

MP3s are included in the digital "All-in-one" package and also available as digital downloads.

The digital package includes:

- ✓ Student books (1 and 2) (pdf files)
- ✓ Teacher Guide (pdf)
- ✓ Student incentives (Knight Certificates and Class Castle templates)
- ✓ MP3 accompaniment tracks (90 tracks)
- ✓ Teaching videos to use with your students (50+ videos)

It is our goal to continue supporting you with great music and recorder teaching materials. Together, we can provide you and your students a great musical adventure. See you at the castle!
